

iPad Purchase Offer

Dear Parents/Carers,

At our recent iPad Information Evening it was requested that we consider an option for students to purchase an iPad if they were in years other than Reception, Year 3 and Year 6. As a consequence we would therefore like to offer parents the opportunity to purchase an iPad Air 2 128 Gig through our supplier, 'Computers Now'.

Can we install our own Apps?

The College will ensure that all educational software and apps required for the curriculum will be installed prior to you collecting the device, and we will support you with any issues that may occur with the installed software or apps once you take the device home.

You will also be able to install your own apps on the device if you choose to do so. The only conditions we insist on is that the apps are age appropriate for your child and do not contain inappropriate content.

What security will we receive if we purchase the iPad through the iPad Purchase Offer?

If we order the iPad through 'Computers Now' they can be encoded with a unique ID that can always be traced if turned on. Even if it is stolen and wiped the unique ID will still be traceable.

The important thing for us to consider with this option is the need for us to be able to easily 'push' the educational Apps to each device and minimize disruption to learning by providing a consistent desktop.

With this system we can always reset passwords and if necessary quickly reimagine them – a huge bonus for us and you.

Do I need my own insurance?

iPads purchased through the iPad Purchase Offer will be covered for one screen replacement. (\$40 excess will apply)

We do strongly recommend you take out your own insurance for the device as we cannot be responsible for additional damage, stolen or loss.

If I purchase an iPad through the iPad purchase Offer, can I deduct this purchase from the M&S Charge once my child is in year 3 or year 6?

No, the Materials and Services Charge is set and approved by the Governing Council each year, and includes the issue of a device as part of the Digital Learning Program for Reception, Year 3 and Year 6. The purchase of an iPad through this offer is in addition to receiving the device in these year levels.

How do I make payment?

The iPad will need to be paid in full before it can be ordered.

The offer includes iPad Air 2 128 Gig, an iPad cover and a carry bag to prevent damage, educational software and apps.

The cost of the device with all inclusions is \$699.00 GST inclusive.

Please complete the details on the attached order form and return to the Finance Office. If you have difficulties obtaining the order form please contact the College on 83292300.

Orders must be received and paid in full by 3pm Friday 2nd December 2016 to ensure delivery prior to Christmas.
