Dear Year 11 Parents/Caregivers,

The formal Year 11 teaching program will end on Friday the 2nd of December with exams being held during week 5 & 6 in normal lessons. There will be a timed, supervised assessment task (exam) for all students in most subjects and they will occur during one of the normal double lessons for each subject.

Examinations in all their various forms are an integral part of Senior School curricula and students’ study lines supports students by giving them time to prepare. However students must use this time productively if they are to achieve their best during this busy time. Subject teachers are outlining appropriate revision schedules for students to guide their preparation and study.

This year for the first time we will be starting the students on their year 12 time table in week 7 of term 4. Monday of this week is a student free day but from Tuesday the 29th of November until Friday the 2nd of December all Year 11 students will be attending the first few lessons of each of their Year 12 subjects. This week’s attendance is compulsory for all Year 11 students and will give them a head start and a unique understanding of what will be required in 2017.

Please diary date Wednesday November 16th week 5 for the “Success in Year 12” information evening for parents, starting at 6.30pm in the Library.

Any student who has not finished a SACE Stage 1 compulsory subject (2x English semesters, 1x Maths semester, the Research Project and the PLP) to a passing standard, will be required to attend Senior study in weeks 7, 8 and 9 this term to finish this work or they will not be promoted to Year 12 in 2017.

Students must be in full uniform whenever present at school or risk being sent home to change.

I wish all students well in the final assessments for this year and expect to see most back for an exciting Year 12 in 2017.

Yours sincerely,

Bob Bastian
Assistant Principal
