Canteen Order App

Qkr!
with masterpass

Available now for REC Canteen orders - the Qkr! ordering app

You can now order and pay for your child's lunch using our new Qkr! App, downloadable free for your smartphone, from the 'App Store' or 'Google Play'.

Once the App is installed spend a few minutes to set-up initial registration of all your children at REC; then it's a simple matter of click, select and pay each time your order. Secondary students can register themselves.
